THE WONDER CURE.

BANGOR, Jan., 1887.

My health has been poor two or three years back. I came home from the West suffering from biliousness and weakness of the limbs. Bell's Sarsaparilla has proved a sure remedy in my case; it has given me strength for a man of my years, and I think, cured my bilious trouble entirely. I have a good appetite and feel like recommending this medicine highly.—DONALD NOBLE, Stillwater Avenue.

BANGOR, January, 1887.

I have been a great sufferer from Rheumatism every winter and spring for years. Upon the recommendation of others I have taken two bottles of Bell's Sarsaparilla and have not had a twinge of rheumatic pain since. I also found it good for humor in the blood, and in fact, it has improved my health in many ways.—ARA W. PITMAN Windsor Hotel, Bangor.

We advise our customers to buy only such makes as years of experience have proved the best in the world for the money. Such makes as

Steinway & Sons, Wm. Knabe & Co.
Chickering & Sons, Hallet & Davis,

STATE NEWS.

Aroostook.

Hon. David Dudley of Presque Isle, who has been taking a Southern trip, including already in his journey Virginia, Florida, Louisiana, and Kansas, has arrived in Washington.

The wife of Lewis Greenlaw, of Presque Isle, died very suddenly last Monday. Her friends thought she had fainted, but when the physician arrived, he found life extinct, and stated that death probably resulted almost instantly.

A travelling man who has been in Aroostook county says that a bear was found in the road frozen to death in one of the recent cold snaps. The Fairfield *Journal* explains that bruin will stand a great amount of cold in his den, but when driven out where he is unsheltered he dies very quickly.

Cumberland.

The Maine Central Railroad Company are working upon the extension of their double track to Cumberland. A gang of men are blasting rocks beyond Allen's Corner.

As John E. Strong, of Portland, driver of a Boston and Maine shifting engine, stepped from his engine early Saturday morning, his feet slipped and he fell, injuring his leg quite severely.

The total value of exports from Portland last week was $330,192.50, including 96,096 bushels wheat, 930,284 pounds of bacon, 5,427 barrels of apples, 563,832 pounds of cheese, 172,518 feet of boards. The chief import was 16,000 boxes of tin plates.

Plans are being made for enlarging and otherwise improving the interior arrangements of the Preble House, Portland, that, when carried out, will make this popular hotel equal in those respects, to any hotel in Maine.

W. G. Turner has sent from Florence, Italy, to Portland, a design for a soldiers' monument typical of the Spartan mother who told her son to return from war with, or on, his shield. Two figures representing the episode surmount the monument. A design by Powers shows America crushing the serpent of rebellion, with the basis guarded by four lions.

On the arrival at Portland of the Saturday morning's freight train over the Western division of the Boston & Maine railroad, blood, matted hair and pieces of clothing were found on the locomotive. The engineer has no knowledge of striking any one, but it is probable that some unfortunate was struck by the train.

H. P. Murch, of Saccarappa, owns a copy of "The Reports of Sir Henry Hobart, Lord Chief Justice of Common Pleas," that once belonged to the private library of General Lee, where it was taken during the invasion of the Union army. It was printed in London in 1648, and is now in a fine state of preservation.

Detective Wormell has arrived home from Winnipeg. Mr. Wormell says that Blackstone, when arrested, had about $1,000 in money. He had shaved off his whiskers and had changed his style of dress. He attended the Congregational church and had become a teacher of a class in the Sunday school. When arrested he broke down and said he would rather die than return to Portland.

Saturday, Mr. John E. Small, of Portland, formerly the popular assistant of the late Capt. Wm. Mitchell, was made the recipient of the valuable gold watch that was worn by the captain. It was for sale, and the associates of Capt. Mitchell purchased and presented it to Mr. Small as a token of their esteem and regard. The list contained forty-seven names and was headed by Payson Tucker and D. W. Sanborn and other prominent railroad men connected with the Maine Central railroad, as well as the eastern division of the Boston & Maine.

Sunday, the Methodist churches of Portland united in union services at Pine street, Congress street and Chestnut street churches morning, afternoon and evening respectively, on the occasion of the presence of Bishop John M. Walden, D. D. LL. D. The Bishop was appointed to this part of the Methodist field but recently, and this is his first visit to Maine. He will go through the State giving a week to each district. The new Bishop is a tall, fine looking man with a dignified and gentle bearing. Thick, wavy hair is brushed back from a thoughtful forehead, and the smoothly shaven face shows a chin and mouth of rare strength and sweetness.

A meeting of the general life insurance agents of Maine was held Saturday afternoon at the office of the New York Life, in Portland, for the purpose of organizing a Life Underwriters' Association of Maine. Mr. Wm. A. Anderson, of the New York Life, was chosen temporary chairman, and Mr. V. Richard Foss of the New England Mutual, temporary secretary. The name of the association was agreed upon and a committee of five was chosen to draft a constitution, and report at an adjourned meeting to be held next Friday, at three o'clock P. M., at the same place. The agents of the State were very fully represented and much interest was manifested in the object of the meeting.

Franklin.

Miss Louisa Weston, a maiden lady about sixty years old, the only survivor of her father's family, lives on the old homestead at North Jay, alone, with the exception of a boy who does chores and goes to school. Monday, the 10th inst., one of those cold days, soon after the boy went to school, Miss Weston was taken with internal bleeding, which so prostrated her that she was not able to alarm any passer by. By arrangement the boy was to come home that day to dinner, and when he arrived he found Miss Weston in a pitiable condition, lying on the lounge in a semi-unconscious state, not able to rise, everything about her saturated with blood, the fire burnt out, and a door open leading out of the room, (supposed to be the work of cats,) rendering the atmosphere in the room nearly as cold as that outside. The neighbors were soon rallied, a physician summoned and her condition relieved.

Hancock.

The amount of the money order business done at the Bucksport postoffice, says the *Clipper*, often amounts to $700 or $800 per week. This is besides the registered letters, which number about 1,000 per month.

Willie, son of Charles Nichols, of North Brooksville, froze both of his feet very badly recently, while walking from Bucksport to North Penobscot. He is about nineteen years of age. According to latest reports his parents feared one or both of his feet may have to be amputated.

At the last session of Congress an appropriation of $5,000 was made for the erection of a lighthouse at Crabtree Ledge, Frenchman's Bay. After making the preliminary examination, Mr. Stanton, engineer of the lighthouse district, informs the department that there are only about 400 cubic yards of rock above a plane twelve feet below mean low water, and that it can be removed for less than one-half the cost of a lighthouse to mark its position. He says that the greatest draught of water of steamers plying between Bar Harbor and the railroad terminus at Mt. Desert Ferry, is ten feet, and as vessels cannot pass Sullivan's Falls in the river above at mean low tide, drawing more than seven feet of water, it is thought that the removal of the rock to the depth of twelve feet below mean low water would be adequate for safety.

Kennebec.

The exhibition of the Junior class of Colby University, was held in the chapel Wednesday evening. The parts were all prepared and delivered in a manner highly creditable. Excellent music was furnished by the Euterpe Quartette. The following are the parts: Civil Service Reform, Solomon Gallert; Foreign Immigration, Martin S. Howes; Africa and its Future, Addison B. Lorimer; Hildebrand, Charles H. Pepper; Agassiz, H. Edith Merrill; Culture, John A. Shaw; Influence of Fiction, Walter B. Suckling; Hilda of the Marble Faun, Bertha L. Brown, of Bangor; The Age of the People, Royal J. Tilton.

The annual meeting of the stockholders of the Merchants' Bank, of Waterville, was held last week and the following directors were elected: John Ware, E. F. Webb, G. S. Flood, of Waterville; J. M. Winn, Gideon Wells, of Clinton; C. C. Cornish, of Winslow; A. P. McMaster, of Pittsfield. At the meeting of the directors, John Ware was chosen president and E. F. Webb, vice president.

Knox.

A meeting of former residents of Thomaston now living in Boston, was held at the Quincy House, Friday night. Mr. George E. Smalley presided, and it was stated, as the object of the gathering, that a general reunion of old Thomaston residents would be held at the Quincy House, Friday, February 4. A dinner will be spread then, and it is expected that fully 150 or 200, who are known to be located in Boston now, will be present.

Piscataquis.

Chas. Smith, of Parkman, has just returned from a gumming trip, bringing in two hundred pounds of spruce gum with him. At one dollar a pound this is worth more than Maine mining stock.

Mr. N. Merrill, a laborer in Appleyard's factory, Sebec, got caught in a belt one day last week, injuring his side and tearing his clothing partly off from him. He is now getting better.

Sagadahoc.

The Merchant's Electric Light Company, of Richmond, was organized Friday, and the following officers chosen: M. G. Larrabee, dry goods, president; G. A. Beale, stationer, general manager; A. E. Small, clothier, superintendent of lights; W. G. Webber, grocer, secretary; A. K. P. Walker, jeweler, treasurer. The stock is all taken and the lights were expected to be in operation Saturday evening.

About three weeks ago, Michael, the eleven year old son of Richard Neagle, of Bath, was slightly injured in the abdomen while sliding. The boy did not, it seems, mention the fact to his parents. Wednesday night he was taken ill very suddenly, and a physician was called. The boy told him about the accident that he had met with. Everything possible was done to relieve young Neagle, who died in a few hours after being taken ill of peritonitis.

Another great event is to occur this week in Bath. The fireman of this city are to give a complimentary ball to our citizens, for the aid rendered the fire laddies in making the fire man's muster of last fall a success. The Alameda has been engaged for the occasion and Chandler's full band will furnish the music. A promenade concert of one hour's duration will precede the grand march. The committee of arrangements, of which Chief Engineer Williams is chairman, have already got to work and every effort will be put forward to make the ball a grand success.

Somerset.

Mr. D. H. Keyes, of Norridgewock, subject to epileptic fits, fell in one out doors the early part of the week and was severely frozen, from the effects of which he died, Friday.

The Pioneer Woolen Mills, R. Dobson & Co., proprietors, Pittsfield, manufactured during 1886, 507,560 yards of 3-4 goods. This amount, according to the estimates, would measure 288 miles if stretched out in a continuous line. It would also be sufficient for 72,508 gentlemen's full suits. To manufacture the above 450,000 pounds of clean stock were required.

Friday noon, while A. S. Burke, of Bingham, was at dinner, his grocery store caught fire probably from the overheated stove, and was burned to the ground. The loss on his goods is estimated at $2,500, on which was $1,100 insurance. The building was owned by Mr. Burke's mother and was not insured. It was worth about $500. The carriage shop of W. P. Preble, adjoining Mr. Burke's store, was set on fire by the flames of the latter building and also burned. Loss in the neighborhood of $500. No insurance.

Washington.

Herring have been taken the past week in large quantities at the North shore, and nearer Eastport. The steamer took about 1,400 barrels of frozen herring, Monday.

Estimates as to cost of taking down the walls of the custom house ruins have been called for from Washington. The report of proposed purchase of land adjoining the present custom house lot with intention of rebuilding on same place, is not correct.

A workman in Sargent & Stone's foundry, Machias, nearly lost his life, Saturday, the 15th, by the upsetting of a ton of molten iron. The iron rushed towards him, when he sprang up some steps into an upper room. His boots and clothing were burned off of him, and his body was burned some.

Capt. J. W. Sawyer & Son., of Millbridge, have been asked by the Gloucester Granite Company to furnish proposals for the construction of a steam barge of the following dimensions: Length 100 feet, breadth 26 feet, with depth of 7½ feet. The proposals were filed with the company last week, and should the terms prove satisfactory the work of building the craft will shortly be commenced, says the Machias *Republican*.

The first changes in the customs service in this district, under Collector Leavitt, were made last week. In place of John S. Pearce, Inspector, resigned, Chas. M. Mitchell has been appointed. In place of H. H. Wadsworth, Watchman, Wm. Allan Balkam is appointed. At Calais, C. R. Whidden, editor of the *Times*, takes the place of Samuel Rideout, Deputy Collector and Inspector.

The State Agent of the Passamaquoddy tribe of Indians, in his report for 1886, publishes the following as the report of an Indian physician who was called by the Governor of the tribe to examine a case of erysipelas, which by reason of the swollen condition of the patient's face, alarmed his neighbors, who were ignorant of the nature of the disease:

"PLEASANT POINT, February 15, 1886.

Sir, Gentlemen, I have made my responsible examination on Ambrose Dana, 10 A. M. I feel highly gratified and consider it Perfect uncontagious influence so that no dangerous disease every respect.

Signed. JOSEPH MITCHELL, M. D.

I will enclose my bill. I am charging one dollar for examination without employing any remedies."

Wednesday forenoon, says the Eastport *Sentinel*, a large Gloucester fishing vessel lay at anchor in the harbor, near Milliken's wharf, and alongside were three or four dories unloading frozen herring. All these boats were owned and belonged on the New Brunswick side. The vessel was taking bait for a trip to the Banks. A large crowd of fishermen gathered on the wharf and called Inspector Mitchell's attention to the fact. He went off and brought all the owners of the boats to the Custom House, where they made "boat entries," and departed without further inconvenience. By their acts, their boats and fish were liable to seizure. Had American fishermen been caught in so slight a violation of Customs laws of the Dominion, what would have been the result? Seizure and heavy fine. It's mean business and our authorities evidently hate to take a hand in it.

York.

Charles W. McKenney, Esq., of Bar Mills, is preparing to handle about five million feet of logs this winter. He has had four gangs at work at Bartlett, Albany, Chatham, and North Conway, N. H. He has in the gangs about one hundred men and about the same number of horses and oxen. They have been at work on these lots nearly three months.

About two weeks ago, reports the Biddeford *Journal*, Gerrod, the twelve-year-old son of Mr. Peter Prescott, got scuffling with another boy in the mill where he worked, and the other threw the Prescott boy and seizing his head between his hands, gave it several severe thumps against the hard floor. A day or two after that young Prescott was taken ill and complained of severe pains at the base of his brain. In spite of all remedies that could be given he steadily grew worse until he died, Friday.

A Big Haul.

DESCENT UPON A DEN OF THIEVES AND COUNTERFEITERS.

The police of Chelsea, Mass., last Friday night arrested Garlano Russo, aged forty-eight. Baldasaro Bosco, aged forty, and Rosa Perinini, aged twenty-seven, and the capture is doubtless the most important ever made in this section of the country. All three are Italians. The woman, Rosa, has attracted attention to herself by the freedom with which she had been spending money for some time past, her appearance not being such as to indicate the possession of such unlimited means. Suspicions grew into certainties when the woman was finally detected in passing counterfeit money. Although the fact that she had previously used only good coins prevented summary action, the woman was followed to a house on Cottage street, in the "Marshes," by two officers, where she was taken into custody. Search was made of the house, when the officers were astounded at discovering that the house was a veritable storehouse for valuables, diamonds, jewelry of all kinds, all sorts of watches, money in bank notes, gold coins, silver coins and bullion were found everywhere in all manner of hiding places.

A vase was overturned on a mantel and a shower of gold fell on a floor. A tin pail was uncovered and found to contain innumerable watches. Under carpets and mattresses were bank notes, and money was stuffed in the upholstery of the furniture. Everywhere was money and jewelry, the entire collection being worth many thousands of dollars. Having secured the women the officers continued their search to the rear of the house and proceeded to a shed; upon entering the door of which a bull dog of gigantic size sprung out. The animal fastened his fangs in the leg of one of the policemen, when the other released him by shooting the dog. Entering the shed the men found themselves in a small sized, but thoroughly equipped mint. There were dies, moulds, crucibles and other implements used in counterfeits, the whole forming the most complete set of apparatus for coining the "queer" money ever captured in New England.

While the officers were continuing the investigations still further the two Italian men arrived at the house and were also arrested and securely bound. They were guarded by one of the officers while the other returned to head quarters for assistance. Four other policemen were sent to the scene and the three prisoners conveyed to the central station where they were locked up. The valuables found were collected and also brought to headquarters, there being enough to fill a wagon.

It is supposed that the arrested parties had received stolen property from burglars and other criminals from all parts of the country, and that as much of it as possible was disposed of for good money; while jewelry and bullion was used in coining counterfeits. The counterfeits were all finely executed.

How much of the spurious stuff is in circulation is not known. It is not known whether there are other confederates, but the police think there is no doubt that the prisoners acted as a "fence" for a large band of robbers, and they hope to obtain intelligence from those under arrest that they will lead to other important captures.

The Nineteenth Century Club is an organization that will consist of an equal number of men and women. It is hardly to be expected that they will agree on all subjects; but it can surprise no one to learn that Dr. Pierce's "Golden Medical Discovery," is unanimously pronounced the most successful remedy extant, for pulmonary consumption, as has been demonstrated in hundreds of cases; it positively arrests this disease and restores health and strength, if administered in its early stages. Creaking Hinge

Is dry and turns hard, until oil is applied, after which it moves easily. When the joints, or hinges, of the body are stiffened and inflamed by Rheumatism, they cannot be moved without causing the most excruciating pains. Ayer's Sarsaparilla, by its action on the blood, relieves this condition, and restores the joints to good working order.

Ayer's Sarsaparilla has effected, in our city, many most remarkable cures, in cases which baffled the efforts of the most experienced physicians. Were it necessary, I could give the names of many individuals who have been cured by taking this medicine. In my case it has worked wonders, relieving me of

Rheumatism,

after being troubled with it for years. In this, and all other diseases arising from impure blood, there is no remedy with which I am acquainted, that affords such relief as Ayer's Sarsaparilla.—R. H. Lawrence, M. D., Baltimore, Md.

Ayer's Sarsaparilla cured me of Gout and Rheumatism, when nothing else would. It has eradicated every trace of disease from my system.—R. H. Short, Manager Hotel Belmont, Lowell, Mass.

I was, during many months, a sufferer from chronic Rheumatism. The disease afflicted me grievously, in spite of all the remedies I could find, until I commenced using Ayer's Sarsaparilla. I took several bottles of this preparation, and was speedily restored to health.—J. Fream, Independence, Va. tt

Of the pledged vote in the Texas Legis ture Senator Maxey leads Mr Reagan thirteen The votes of thirty members are unknown

The Maine Veterans are holding their annual encampment at Bath Commander in-Chief Fairchild and two members of his staff are expected to-day

Mayor Hewitt, of New York, is confin ed to his house and his friends are very anxious about his condition, some enter taining grave doubts of his recovery It is to be hoped their fears may prove groundless

The Democrats in the House propose to pass the Senate bills for the admission of Washington and Montana Territories, but they refuse to take action on the one for the admission of Dakota. And yet the southern half of Dakota has a larger pop ulation than the other two Territories combined For the instruction of its children Dakota employs twice as many teachers as either Connecticut, New Jersey, Maryland, Arkansas, South Carolina and New Hampshire Louisiana has not one-fourth as many and Florida not more than one-sixth Thirteen States have each fewer school houses Of course, Dakota is strongly Republican, and that is the sole and only reason of its shameful treatment by a Democratic House of Representatives

A Cincinnati judge has "enjoined a man from lying It is fortunate for the New York *Evening Post* that this judge is not located in its district, as such action ap plied to its case would necessitate instant suspension The *Post's* latest effort in maintaining its claim to the banner as the champion falsifier of the age is found in the following "Mr Blaine has written a letter to say what he said the day before was not what he would have said if he had realized how it would look when it got in o print The *Post* knew that Mr Blaine simply stamped as false the words put into his mouth by its Mugwump contemporary, the Boston *Herald*, but it could not resist the temptation to intentionally misstate the facts

Senator Frye, in the fishery debate, speaking of the experience of the vessels in Canadian waters, said You may search the annals of history, you may go to the Fiji Islands and you cannot find a case that exceeds this, saving a Canadian crew, 17 men rescued from death and taking them on board his own vessel breaking up his own fishing voyage feeding the rescued Canadians until his food was exhausted, carrying them into the nearest port, every Canadian captain refusing to take care of their own men giving them $60 out of his own pocket to send them to their homes, and then asking permission to buy one-half barrel of flour to take his own men home and Collector after Collector refusing him as a consequence of which the American Captain was one day wholly without food on the return voyage I think, sir, that this requires some law

Referring to the Michigan Senatorship matter Gov Alger is reported as saying It was evident for quite a time that the Senatorship would go to some man in the Western part of the State, as Senator Palmer resides at Detroit, in the Eastern part It was good politics so to distribute the honors The strongest man from the West was Colonel Stockbridge and be was finally elected If the honor had fallen on a man from the Eastern part of the State I think quite likely it would have been accorded to Mr McMillan My name was frequently mentioned, but I was never at any time a candidate and made them understand that pretty emphatically early in the canvass for the nomination I think the selection of Colonel Stockbridge has been entirely satisfactory The Republican party in Michigan is being strengthened every day, and we shall give you soon the old time majorities The tendencies are that way "

We fail to see anything resembling a 'menace of war' in the proposed retaliatory legislation to regulate the fishery question All last season the Canadian authorities did everything in their power to harrass and abuse American fishermen, even carrying their arbitrary proceedings to the point of hauling down the American flag on an American vessel While these outrages were in progress a long correspondence was carried on between this Government and Great Britain, and that having failed of its purpose, now it is proposed to treat Canada exactly as she treats us, nothing more or nothing less If Canada desires to enter our ports she must open her own to our vessels In fact it rests entirely with her to determine what the action of our Government shall be If she accords to our fishermen their undoubted rights she will encounter no difficulty in entering our ports, if on the other hand she persists in the indignaties of last season with a view of forcing a treaty of reciprocity upon this Government, which no one wants, then it is proposed through the pending legislation to close our ports to her vessels

The position of the New Jersey Senate in delaying the organization of that body is summed up as follows A Democratic Judge, Chief Justice Beasley, had decided that the result of the election in the IId District of Mercer was a tie, there was every reason to suppose that the House Committee on Elections would take the same view, and it was hoped that the House would grant a new election The justice of the cause was conceded A new election could not be held before the election for United States Senator, if the Senate organized at once, and so for two weeks the Senators awaited the action of the House, refraining from organizing in order that an honestly elected member might be chosen and have his vote on the question of surpassing importance. The House on Thursday destroyed all present hope of a new election in the Mercer district by giving the seat to Walter. There has been no protest from the Democratic Senators against the course of the Senate Republicans, nor do they privately criticise it. The object of the delay has been well understood and no objection has been raised to it in the Senate. The Democrats in the House yesterday forced a ballot on Senator by a vote of 30 to 20, the labor representatives voting with the Republicans in opposition to a ballot. The thirty votes were then cast for Gov. Abbett, but the other twenty refused to take part in the ballot, which of course will have no effect.

The Boston *Herald* continues to announce that it does not favor retaliatory legislation, but reciprocity, a fact of little interest outside of the *Herald* office, and winds up with the absurd statement that "we, as a people, are quite as much, if not more at fault than our Canadian neighbors" The *Herald* is published on the wrong side of the Atlantic It is "too English" to be happy on American soil

Every now and then the political paragraphist of the New York *Post* drops into figures in order to prove his wish that the Republican party is declining, says the Philadelphia *Press* He has recently constructed some tables and fired them pointblank at the public The purpose in view is to show that in proportion as the Republican pluralities in the States which voted last year were smaller than in 1884 by just so much the party has advanced towards its dissolution There are three States in which the Republican pluralities were smaller last November than they were two years previously These are Pennsylvania Kansas and Ohio In Ohio no particular effort was made, as the election was for minor State officers and the result certain That the Republican pluralities in Pennsylvania and in Kansas were smaller than in 1884 simply proves the overwhelming popularity of Mr Blaine in these States There were two States in which the Democratic pluralities showed a marked increase They were Missouri and Texas, and it needs a prescience born of malice and prejudice to prove the decline of the Republican party by the vote cast in that quarter Besides, before the *Post* constructs any more of its fearfully and wonderfully made tables it had better buy a political almanac and learn that Mr Blaine's plurality in Pennsylvania was not 61,000 but 81,000, and that Mr Cleveland's plurality in Texas was no 125,000 but 133 000

Maine's Law Makers

MATTERS OF INTEREST BEFORE THE LEGISLATURE

[Special Correspondence of Whig and Courier]

AUGUSTA, Jan 25th

The fourth week of the session of the Legislature is here and upon comparison with other sessions I find that more has the usual amount of work has been done There has been a grist of petitions, acts, resolves, etc, introduced and presented to the committees Members have now got thoroughly acquainted with each other A large majority on arriving find themselves strangers to one another and for the varied business of the session it becomes quite necessary that there be a mutual and familiar acquaintance Furthermore it requires several weeks for the new members, of whom there are more than ever since the adoption of the biennial system, to become conversant with the methods and practices of legislative bodies and it is hardly practicable for men with no experience in this direction to enter at once upon the labors of making wise and acceptable laws for the people

THE COMMITTEES

have a large amount of work outlined for them this week and no small number of hearings have been assigned many of which can but prove interesting On Wednesday the Railroad Committee give a hearing on an act to incorporate the Waterville and Fairfield Railroad Co, and on the petition to incorporate the Sebago Lake and Mechanic Falls Railroad Co. On Thursday the Committee on Legal Affairs hold a hearing on the bill to incorporate the Mt Desert Canoe Company, also on the bill providing for the weekly payment of wages by corporations Wednesday the 26th, the hearing before the Judiciary Committee on the voting by proxy measure comes up and Hon A W Paine, of Bangor, is expected to urge the measure in which he is much interested On Thursday the same Committee will give a hearing on the petition of the Bucksport Water Company

All persons interested in the Indians of Maine will be heard by the Committee on Indian Affairs, Wednesday afternoon, and the same day the question of the abolition of the district system of schools will come before the Committee on Education I find the refusal of the committee relative to a close time on Moosehead lake finds much favor with people residing in the vicinity of the lakes and ponds Many of them have an idea that the close time on bass and white perch which ends the first of July, operates against them They say that during May and June when they have leisure hours to fish they are debarred by law and when the open season arrives they are exceedingly busy harvesting their hay crop and have no time to fish Many think the close time might end the middle of June or earlier

PETITIONS PRESENTED

Charles A Rolfe and 83 others, petition for legislation to protect the salmon in Grand Lake stream, which has been nearly depleted of this fish

The citizens of North Haven petition that the doings of their town at its March meeting in 1885, be legalized

Thirty three citizens petitioned against the establishment of a street railway in Bar Harbor. It is unnecessary, they say, and would be a great inconvenience and annoyance

Jonathan Darling and sixty one others citizens of Lovell and Burlington, petitioned that Sec 10, Chap. 30, Revised Statutes, be so amended that dogs can be used to hunt deer on the head waters of our rivers above the settlements during the open season

An act relating to the fisheries of Vinalhaven waters, provides that weirs, seines and traps shall not be set in the waters of Northern Harbor of the Northern Fox Island, nor shall there be any fishing for salmon, smelts, eels, or other migratory fish that may pass into the waters of Fresh Pond or the outlet of the same, or any such fish that may be propagated by the town of North Haven or by any person who has leased the right to take and propagate fish of said town.

Thomas Lawton and 83 others of Tremont, petition against any change in the lobster law

Mr. Kingsbury, of Bradford, presented Monday an act to change the location and extend the time for the construction of the Penobscot Central Railroad so that the road shall begin at some point at or near the city of Bangor, thence running northerly or northwesterly through the towns of Hermon, Levant, or Glenburn, Kenduskeag, Corinth, Charleston, Garland, Atkinson to the Bangor & Piscataquis Railroad at East Dover or some point between East Dover and Union bridge so-called, between the towns of Sebec and Atkinson, or after reaching Charleston passing through parts of the towns of Atkinson, Orneville and Milo. An additional term of two years is allowed the company from the 31st day of December, 1887, to complete its road.

Penobscot Assembly, Knights of Labor, and eighty-nine others petition for a ten hour law.

The Penobscot Bar, petitioned yesterday that the salary of the Clerk of Courts of Penobscot county be restored to the amount provided by Chapter 71, Public Laws of 1878

Mr Clark, of Bangor, introduced an act into the House Monday relating to drunkenness, so that the penalty for inebriation shall be fines instead of imprisonment as at present.

Hon J W Porter, of Bangor, presents a communication with the act in which he expresses the belief that the law substituting imprisonment for fines has proved a failure

NOTES

The three days' session of the Knights of Labor is being held here this week The delegates are mostly stopping at the down town hotels Three sessions are held daily

There was an extended hearing before the Finance Committee Monday evening relative to the appropriation for the Maine Eye and Ear Infirmary An appropriation of $5,000 was asked for and the committee will report favorably Among those present in the interest of the Infirmary were Payson Tucker, Albion Little and Judge Knight, of Portland Mrs. L M N Stevens and Mrs George S Hunt were also before the committee advocating the proposed reformatory for women.

The legislative ball will be given the 7th inst by the citizens of Augusta Pullen's orchestra of fifteen pieces will furnish the music

The rapidity with which business is transacted in the House is likely to operate against a lengthy session

A bevy of ladies grace Representatives' Hall at the forenoon sessions

To the Sacred, Select, and Most Potent Princes of the Orient.

GRACIOUS SALUTATION AND THESE WORDS—

The Mighty Astrologer Diviner and Worshipper of the Morning and Evening Star reads while others sleep and in the still watches of the night the eternally revolving planets thus to him have spoken Borne to the stars from every clime where man ever was or is in the refrain of Pilgrims Sore of foot, weary of heart we have travelled long and why cometh not the promised reward of the Faithful a High Seat in the Temple dedicated to Allah the first True Prince? The warning of the all Pervading Stars must be heeded, therefore I command every True Prince to so arrange his terrestrial affairs, as to attend an early Council Each one who can and will be present will do well his Princely Signet with the Serene Prince who keeps our Treasury (and Cream Java) On the day appointed by the Puissant Council let each Prince fold his tent and repair to the Temple

An Inquiry Answered.

In answer to an inquiry made of the Springfield *Republican* as to the value of assessment insurance, it says

"As to the general principles of insurance, it takes but little foresight to see that the basis of the old line companies, by which each policy holder's premium on the average pays his policy, is sound er than the basis of the assessment companies in which the payment of a risk thirty years from now is wholly contingent upon keeping up the membership " The

Matters in Committee.

The Maine legislative Committee on Interior Waters gave a hearing on the Damariscotta sawdust case. W. H. Hilton was attorney for the petitioners and L. C. Cornish attorney for the remonstrants. A large number of witnesses were examined. No decision.

The Committee on Judiciary gave a hearing on the repeal of the law for imprisonment for debt and the trustee process. There was a very large attendance of Knights of Labor and an exciting controversy between the Knights and the lawyers. Threats were made by the Knights that if the pledges of political parties made last fall relating to these laws are not kept they will withdraw their support from the parties. No action was taken.

An executive session of the Committee on schools voted to draw up a bill favoring the abolition of the school district system; considered the bill regulating compulsory attendance and will report favorably to the greater part.

The hearing by the Committee on Towns relative to the Pittston case was continued.

The Committee on Railroad met the Railroad Commissioners and conferred on rail road matters.

KNIGHTS OF LABOR.

The State Convention at Augusta.

AUGUSTA, Jan. 25. The State Convention of Knights of Labor assembled in K. of L. Hall at 10 A. M. to-day. About 100 delegates are in attendance here. The committee on credentials were chosen and a committee of five appointed to go before the Legislature in support of the 10 hour law. New delegates are being admitted at this afternoon's meeting.

Afternoon Session—Resolves Against Intemperance.

At the opening of the afternoon session sixty-four new delegates were initiated. The committee to attend the hearing of the Judiciary Committee at the State House on the trustee process and imprisonment for debt consisted of C. E. Halliday, Saccarappa, D. W. Bussell, Portland, P. J. Carver, Auburn, J. Thurman Douglass, Bar Harbor and I. M. Frye, Springvale. The Committee on Credentials reported 107 delegates in attendance. The following resolves were given a passage:

Resolved, That hereafter no delegate shall be admitted to the sessions of this District Assembly who is perceptibly under the influence of intoxicating liquors, and when any such member shall present himself for admission his case shall be referred to the local court of this assembly for action.

Resolved, That it is the sense of this District Assembly that the use of intoxicating liquors be discouraged by the members of this order and dram shops be boycotted.

The Financial and Recording Secretaries and Chairman of the Executive Board made their reports. The total number of assemblies in the State is 127; membership, 29,900. The order is about holding its own. The latter part of the afternoon several more new delegates were initiated. Adjourned to meet at 8 A. M. to-morrow, when the election of officers will occur. Then three daily sessions will be held. There was no session this evening.

FROM BIDDEFORD.

The Alcohol Poisoning Case—Hayes Disappears.

BIDDEFORD, Jan. 25. It is understood that David Hayes, who purchased arnica and alcohol at Ross' drug store, Kennebunk, Saturday, and treated his friends, thereby causing the death of Seth Robinson, is missing. The coroner's jury was in session yesterday, but Hayes could not be found. Papers were issued to-day for his arrest and a Biddeford officer was sent in search of him. The inquest will be continued in this city on Friday, and all the other witnesses examined and the jury will not be fully discharged until Hayes is found. Public feeling is very strong against him.

GRAND ARMY OF THE REPUBLIC.

Twentieth Annual Encampment at Bath.

BATH, Jan. 25. A large number of veterans are in attendance on the 20th annual encampment of the G. A. R. in this city. This forenoon the council of administration was held in the Sagadahoc House.

Commander-in-chief Fairchild will arrive in Bath Wednesday morning. Of his staff, Judge Advocate General Henry E. Tainter and Senior Aide-de-camp Jones will be present. Gen. Fairchild will be entertained by Gen. Hyde.

The Business of Yesterday.

The twentieth annual encampment of the Department of Maine, G. A. R., convened at Columbian Hall this evening. About 400 delegates, representing every post in the State, were present. The encampment was called to order by Department Commander Lane, who delivered his address, after which the reports of the Department officers were submitted. Hon. Hannibal Hamlin is in attendance. FORTY-NINTH CONGRESS—Second Session.

Senate.

WASHINGTON, Jan. 25. Senator Farwell was sworn in to-day.

Mr. Frye presented the credentials of his colleague, Mr. Hale, for the full term commencing March 4, 1887.

Mr Allison presented the conference report on the Army Appropriation bill. The total amount appropriated is $23,724,718, being $28,338 less than the appropriation of last year.

After discussion as to what was being done in sub committee with the Fortification bill, the conference report on the Army bill was agreed to.

Mr. Dawes, from the conference committee on the bill to provide for the allotment of lands in severalty to Indians on the various reservations and to extend the protection of the laws of the United States and of the Territories over the Indians made a report.

Bills were introduced and referred as follows:

By Mr. Beck to amend the Oleomargarine law.

The resolution offered by Mr. Call, some time since, amended so as to instruct the Attorney General to bring suit for injunction against the Florida Railroad and Navigation Co., was called up and Mr. Morgan addressed the Senate in opposition to it.

At 2 o'clock the presiding officer announced the regular order to be unfinished business, the bill to establish an Agricultural Experimental station.

Mr. Blair moved to lay aside the unfinished business and take up the Woman suffrage constitutional amendments—carried, 25 to 4.

Following is the text of the proposed amendment: "The right of citizens of the United States to vote shall not be denied or abridged by the United States, or by a State, on account of sex. Congress shall have the power, by appropriate legislation to enforce the provisions of this article."

Mr. Brown addressed the Senate in opposition. He said that as a member of the select committee on women suffrage he signed, with Senator Cockrell, a minority report, in which they had sought to establish the fact that the proposed legislation would be injudicious and unwise. He should not hesitate to reiterate to-day portions of what he then said.

He believed that the Creator intended that the sphere of males and females of the human race should be different and that their duties and obligations, while they differed materially, were equally important and honorable. It was doubtful, he said, whether man or woman had now the most influence in government affairs. The intelligent, noble, cultivated woman was the power behind the throne. All her influence was in favor of morality and good government. She now exercised an imperceptible influence in public affairs much greater than she could if female suffrage were enacted.

Mr. Dolph spoke in favor of the resolution.

The presiding officer laid before the Senate a message from the President transmitting a communication from the Secretary of State and correspondence on the subject of the proposed Nicaraguan ship canal; ordered printed.

Mr. Vest spoke in opposition to the woman suffrage resolution. If this Government, he said, the dream of philanthropists, were ever destroyed, it would be through injudicious, immature or corrupt suffrage. It was not on the sparsely settled prairies of the west that the ultimate test of the merit of woman suffrage could be had; suffrage there remained pure in the nature of things, when it was corrupt everywhere else.

The danger from suffrage was in cities, the masses of population, to which civilization tended everywhere. The Senator from New Hampshire (Mr. Blair) who last session shocked the Senate with his statement as to the illiteracy in the South, proposes to give suffrage to the colored women of the South. The great danger was in emotional suffrage, in excitable suffrage. Women were essentially emotional in their nature. He would not degrade woman by giving her the right of suffrage which was not a natural right, but one to be determined by expediency and policy.

He sent to the Secretary's desk and had read a printed petition with many signatures, about one-third those of the clergy, remonstrating against the extension of suffrage to women; also a letter from Mrs. Clara F. Leonard, of Springfield, Mass., presenting arguments against woman suffrage.

Mr. Hoar remarked that Mrs. Leonard was the strongest refutation of her argument. She had been herself exercising, for years, the most important public functions in the Commonwealth of Massachusetts as a member of the Board of Lunacy and Charity.

Mrs. Leonard's mistake was not in misunderstanding the nature of either man or woman but in misunderstanding the nature of politics.

The matter was further discussed by Messrs. Vest, Hoar, and Blair. A vote was taken on the resolution and it was rejected, yeas 16, nays 34, as follows:

Yeas—Messrs. Blair, Bowen, Cheney, Conger, Cullom, Dolph, Farwell, Hoar, Manderson, Mitchell of Oregon, Mitchell of Pennsylvania, Palmer, Platt, Sherman, Teller and Wilson of Iowa.—16.

Nays—Messrs. Beck, Berry, Blackburn, Brown, Call, Cockrell, Cox, Colquitt, Eustis, Evarts, George, Gray, Hampton, Harris, Hawley, Ingalls, Jones of Nevada, McMillan, McPherson, Mahone, Morgan, Morrill, Payne, Pugh, Saulsbury, Sawyer, Sewell, Spooner, Vance, Vest, Walthall, Whitthorne, Williams and Wilson of Maryland—34.

A number of bills for public buildings were taken from the calendar and passed, including one appropriating not over $25,000 for Hanover, N. H.

Mr. Beck gave notice that he would call up to-morrow the Railroad Attorney's bill. The Senate then at 5.40 adjourned.

House.

An enrolled copy of the Inter-State commerce bill was signed by the Speaker and after it had been signed by the presiding officer of the Senate it was to be sent to the President.

Mr. Turner, of Georgia, called up the Rhode Island contested election case of Page vs Pierce. The majority resolution declared the seat vacant, while the minority resolution confirms the right of Pierce to the seat.

The debate continued drearily until Mr. Turner arose to close the discussion when, in commenting on what he denounced as bribery in the case, the payment of $3 to a voter to compensate him for the loss of time, he suggested that the time might come when a man in New England would have to be paid to celebrate the Fourth of July.

Mr. Gallinger, of New Hampshire, inquired whether the statistics of the last election would not show that a much larger proportion of voters went to the polls in New England than in Georgia.

Mr. Turner said that in his own instance there was no opposition to his election and that the Chairman of the Republican Committee in his district had stated to him that there was no objection to his re-election to Congress. This was the case also in the district of his colleagues and hence the vote in Georgia was a mere dress parade of the Democratic party, those who voted only coming out to show their respect to the candidates.

Mr. Boutelle, of Maine, inquired if it were not true that while the average vote for Congress in New England was 32,000 votes, the average vote in Georgia was only 12,000.

Mr. Turner said he had already replied to that question. If there was a Democrat in that gentleman's (Mr. Boutelle's) district who would not get up before daylight and pay his own expenses for the privilege of voting against the gentleman, he denounced him as no Democrat. (Laughter and applause.)

The minority resolution was rejected, yeas 108, nays 130, and the majority resolution agreed to, 130 to 83.

Mr. Hatch, of Missouri, reported the Agricultural Appropriation bill and it was referred to the Committee of the Whole. The House then, at 3.15, adjourned.

About three of them this morning guards stationed at the piers [illegible] approaching [illegible] in new hands working in the yards, was moored at the end of the pier with 200 sleeping men on board. As the tug came nearer it was discovered that she was making directly for the steamboat. She was hailed by the guard who threatened to shoot if the boat was not stopped. Immediately the engine was reversed and the tug backed out again, disappearing in the direction of New York. It is believed the intention was to tow the steamboat, with all on board, to some point on the river and there leave it. At Weehawken the situation is unchanged.

UNITED STATES SENATORS.

The Contest in Texas.

AUSTIN, Jan. 25. At the Senatorial caucus last night it was ascertained that with every vote that had been promised to the different candidates accounted for there were about 30 voters who had not indicated their choice to any one. This would leave the total vote of the joint convention, which is 106, to be divided so far as can be ascertained for the chief leaders in the Senatorial canvass as follows: Maxey, 35; Ireland, 27; Reagan, 23; Terrill, 22. Of the unknown thirty Maxey claims about 10 and each of the other candidates about the same number, if not more.

The vote for a ballot stood 30 to 20, Throckmorton, (Democrat), being absent and Speaker Baird not voting. The two Labor men stood with the Republicans. Thirty votes were then cast for ex-Gov. Abbett, while the Republicans and Labor men refused to vote. The Assembly adjourned till 11.30 A. M., to-morrow. With nine Senators the Democrats would have 39 votes, or two short of the number necessary to elect. They hope, however, to have Throckmorton and Baird with them in the final vote. The Republicans express no anxiety. The Senate has adjourned to Friday. The Republicans say the action of the Democrats is illegal and will not stand. They will persist in refusing to vote. The Democratic Senators-elect were sworn into office by Senator Livingston, in the Attorney General's office early this afternoon.

FOREIGN NEWS.

The London Press on the Fisheries Bill.

LONDON, Jan. 25. The Post this morning, in an article on the passage in the United States Senate Monday of the fisheries retaliation bill, says we are sure that Mr. Ingalls' outspoken bitterness against England does not represent the feeling of either the American Senate or people. On the other hand it would be foolish to shut our eyes to the importance of the question involved.

The Daily News says: To-day's telegrams from New York, Montreal and Ottawa are of a very reassuring character. Nobody here regarded the violent speeches of Senators Ingalls, Hale and Frye seriously. Even dignified American Senators are not above playing to the gallery. It is much to be hoped that no steps will be taken to exasperate the quarrel and that the good sense of Canada will insist upon a policy of peace.

The Chronicle thinks the fact that Mr. Ingalls' outburst neither surprised nor shocked the more respectable Senators is a far more serious matter than the dispute itself, and hopes that the Washington authorities will early disclaim any community of feeling with Mr. Ingalls.

The acting was fully up to that of the previous night and the whole entertainment was shown to be that of a first-class character. The company is a very well balanced one and is weak in no part, each of the parts being taken in a manner which showed that the company is not one with a star and a poor support, but one in which each person is an artist. Messrs. Maubury, Wilson and Kahn took their parts finely, while Misses Warhall, LeBaron, Vincent, Baker, Burlingame and Needham were excellent.

The Colored Troubadours.

The Boston Ideal Colored Troubadours gave a pleasing entertainment at City Hall last evening before a full house. The selections were all the old time Southern melodies and they were rendered in the true negro metre. The Troubadours put lots of life into their selections. The solos and choruses were enthusiastically received by the audience. Part third of the programme, a short play called the "Plantation Sketch, Mamma's Return from the North," was quite funny. This evening the next concert will be given.

Our Irish Visitors.

That popular and energetic manager, Mr. J. M. Hill, has so fully established a trade mark of popular success in his excellent venture, "Our Irish Visitors," that really a line in their favor seems unnecessary. However we cannot refrain from extending a friendly hand of greeting to those two jolly artists, Messrs. Murray and Murphy, who will be with us again at the Opera House next Saturday evening. Their advent is a sure cure for the blues, and those who were so fortunate as to listen to their sparkling wit and broad humor last season, will attest their appreciation of its quality by their presence again. The sale of seats will open to-morrow morning.

A New Play.

Mrs. Anna E. Birdsall, the poetess and romance writer, well known in New York and Brooklyn society, about a year ago completed an excellent play, entitled "Missing Evidence," which will be presented to the public under the supervision and personal direction of the well known manager, Mr. F. F. Mackay. Miss Charlotte Thompson has been secured to act the heroine and comparative talent has been employed for the ten or twelve other prominent characters in the play.

"Missing Evidence" will be produced February 14, 15, 16 and 17th at New Haven.

A Protest.

The following named citizens have signed a remonstrance against the proposed incorporation of a banking institution in this city, the shares and deposits in which are to be exempt from municipal taxation:

To the Senate and House of Representatives in Legislature assembled:

The undersigned, tax payers of the city of Bangor, remonstrate against an act to incorporate the Eastern Trust and Banking Company of Bangor, as it is now framed. We submit that there should be added an amendment to this effect, viz.: "The shares of said association shall be subject to municipal taxation in the same manner as are the shares of the National Banks."

A WOMAN'S AGE.
A woman, it is said, is no older than she looks. Many women however, look double their actual age by reason of those functional disorders which wear upon the nerves and vitality, and which, if unchecked, are liable to change the most robust woman to a weak, broken-down invalid. Dr. Pierce's "Favorate Prescription" will positively cure every irregularity and weakness peculiar to the sex, and requires but a single trial to prove its surpassing merit. Price reduced to one dollar. By druggists.

Give Ely's Cream Balm a trial. This justly celebrated remedy for the cure of catarrh, hay fever, cold in the head, &c., can be obtained of any reputable druggist and may be relied upon as a safe and pleasant remedy for the above complaints and will give immediate relief. It is not a liquid, snuff or powder, has no offensive odor and can be used at any time with good results, as thousands can testify, among them some of the attaches of this office.—Spirit of the Times, May 29, 1886. jan26 WFM&w

The Nineteenth Century Club is an organization that will consist of an equal number of men and women. It is hardly to be expected that they will agree on all subjects; but it can surprise no one to learn that Dr. Pierce's "Golden Medical Discovery," is unanimously pronounced the most successful remedy extant, for pulmonary consumption, as has been demonstrated in hundreds of cases; it positively arrests this disease and restores health and strength, if administered in its early stages. "-Saved My Life"

Is a common expression, often heard from those who have realized, by personal use, the curative powers of Ayer's Cherry Pectoral. "I cannot say enough in praise of Ayer's Cherry Pectoral, believing as I do that, but for its use, I should long since have died from lung troubles.—E. Bragdon, Palestine, Tex.

About six months ago I had a severe Hemorrhage of the Lungs, brought on by a distressing Cough, which deprived me of sleep and rest. I had used various cough balsams and expectorants, without obtaining relief. A friend advised me to try

Ayer's Cherry Pectoral,

I did so, and am happy to say that it helped me at once. By continued use this medicine cured my cough, and, I am satisfied, saved my life.—Mrs. E. Coburn, 18 Second st., Lowell, Mass.

I have used Ayer's Cherry Pectoral for over a year, and sincerely believe I should have been in my grave, had it not been for this medicine. Ayer's Cherry Pectoral saved my life. Two years ago I took a very severe Cold which settled on my lungs. I consulted physicians, and took the remedies they prescribed, but failed to obtain relief until I began using Ayer's Cherry Pectoral. Two bottles of this medicine completely restored my health.—Lizzie M. Allen, West Lancaster, Ohio. tt

Suffering Womanhood.

Too much effort cannot be made to bring to the attention of suffering womanhood the great value of Lydia E. Pinkham's Vegetable Compound as a remedy for the diseases of women. Such an one is the wife of General Barringer of Winston, N. C., and we quote from the General's letter as follows: "Dear Mrs. Pinkham: Please allow me to add my testimony to the most excellent medicinal qualities of your Vegetable Compound. Mrs. Barringer was treated for several years. I sent her to Richmond, Va., where she remained for six months under the treatment of an eminent Physician without any permanent benefit. She was induced to try your medicine and after a reasonable time commenced to improve and is now able to attend to her business and considers herself *fully relieved.*" [General Barringer is the proprietor of the American Hotel, Winston, N. C., and is widely known.—Ed.]

A Man's Thanks.

A well-known business man of Wilmington, N. C., writes: "It is with pleasure that I write to express to you my gratitude for the relief and benefit your Vegetable Compound has been to my wife. She has been under the treatment of the doctor for six years. Finally he said he could do nothing more for her, that she would die in 24 hours. Then I commenced using your Compound and now she can attend to her domestic affairs as well as she ever could."

CHAS. MASON, Commissioner of Patents.

"Inventors cannot employ a person more trustworthy or more capable of securing for them an early and favorable consideration at the Patent Office.

EDMUND BURKE, late Commissioner of Patents."

BOSTON, October 19, 1870.

R. H. EDDY, ESQ.—Dear Sir: you procured for me, in 1840, my first patent. Since then you have acted for and advised me in hundreds of cases, and procured many patents, reissues and extensions. I have occasionally employed the best agencies in New York, Philadelphia and Washington, but I still give you almost the whole of my business in your line, and advise others to employ you.

Yours truly, GEORGE DRAPER.

SKIN AND SCALP

Cleansed, Purified and Beautified by the Cuticura Remedies.

For cleansing the Skin and Scalp of Disfiguring Humors, for allaying Itching, Burning and Inflammation, for curing the first symptoms of Eczema, Psoriasis, Milk Crust, Scaly Head, Scrofula, and other Inherited Skin and Blood Diseases, Cuticura, the great Skin Cure, and Cuticura Soap, an exquisite Skin Beautifier, externally, and Cuticura Resolvent, the new Blood Purifier, internally, are infallible.

A COMPLETE CURE.

I have suffered all my life with skin diseases of different kinds, and have never found permanent relief, until by the advice of a lady friend, I used your valuable Cuticura Remedies. I gave them a thorough trial, using six bottles of the Cuticura Resolvent, two boxes of Cuticura and seven cakes of Cuticura Soap, and the result was just what I had been told it would be—a complete cure.

BELLE WADE, Richmond, Va.

Reference, J. W. Latimer, Druggist, Richmond, Va.

SALT RHEUM CURED.

I was troubled with Salt Rheum for a number of years, so that the skin entirely came off one of my hands from the finger tips to the wrist. I tried remedies and doctors' prescriptions to no purpose until I commenced taking Cuticura Remedies, and now I am entirely cured.

E. T. Parker, 379 Northampton St., Boston

DRUGGISTS ENDORSE THEM.

Have sold a quantity of your Cuticura Remedies. One of my customers, Mrs. Henry Kintz, who had tetter on her hands to such an extent as to cause the skin to peel off, and for eight years she suffered greatly, was completely cured by the use of your medicines.

C. N. NYE, Druggist, Canton, Ohio.

ITCHING, SCALY, PIMPLY.

For the past year I have had a species of itching, scaly and pimply humors on my face to which I have applied a great many methods of treatment without success, and which was speedily and entirely cured by Cuticura.

MRS. ISAAC PHELPS, Ravenna, O.

NO MEDICINE LIKE THEM.

We have sold your Cuticura Remedies for the last six years, and no medicines on our shelves give better satisfaction.

C. F. ATHERTON, Druggist, Albany, N. Y.

Cuticura Remedies are sold everywhere. Price: Cuticura, 50 cents; Resolvent, $1.00; Soap, 25 cents. Prepared by the Potter Drug and Chemical Co., Boston, Mass. Send for "How to Cure Skin Diseases."

GRUBS, Pimples, Skin Blemishes, and Baby Humors cured by Cuticura Soap.

Catarrh to Consumption.

Catarrh in its destructive force stands next to and undoubtedly leads on to consumption. It is therefore singular that those afflicted with this fearful disease should not make it the object of their lives to rid themselves of it. Deceptive remedies concocted by ignorant pretenders to medical knowledge have weakened the confidence of the great majority of sufferers in all advertised remedies. They become resigned to a life of misery rather than torture themselves with doubtful palliatives.

But this will never do. Catarrh must be met at every stage and combated with all our might. In many cases the disease has assumed dangerous symptoms. The bones and cartilage of the nose, the organs of hearing, of seeing and of tasting so affected as to be useless, the uvula so elongated, the throat so inflamed and irritated as to produce a constant and distressing cough.

Sanford's Radical Cure meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical and never-failing.

Each package contains one bottle of the Radical Cure, one box Catarrhal Solvent, and an Improved Inhaler, with treatise; price, $1.

KIDNEY PAINS

And that weary, lifeless, all-gone sensation ever present with those of inflamed Kidneys, Weak Back and Loins Aching Hips and Sides, overworked or worn out by disease, debility or dissipation, are relieved in one minute and are speedily cured by the Cuticura Anti Pain Plaster, a new, original, elegant and infallible antidote to pain and inflammation. At all druggists, 25c; five for $1.00; or of Potter Drug Co., Boston.
